### ABOUT NODES COMMUNITY

Nodes Summit is here to realize the spirit and also support the exchange of information in the development of blockchain technology. The Nodes Summit focuses on helping promote the development and implementation of blockchain technology in supply chain management, Internet of things, financial services, healthcare, digital content and more. This is our desire to help project a picture of the business and actual adoption in the use of blockchain technology. The Nodes Summit will also help explore problems and find the right solution in responding to the needs of the world, especially in developing in the economic sector
